BUCKS FOR PEARL BUCK—Celebrating Amazing People

March is National Developmental Disabilities Awareness Month. We will be celebrating the daily successes, accomplishments, and contributions made by people with developmental disabilities.

We will, also highlight the unique challenges faced by people with special needs, **thank** our supporters, and **invite** others to come for a tour.

You can **acknowledge** relatives, friends, or neighbors living with special needs for their efforts.

More than seven million Americans have lifelong disabilities either from birth, illness or accident.

To help, you can purchase Bucks for Pearl Buck. Buy just **one Buck for one dollar** or more.

Last year, *Eugene True Value Hardware* raised over \$2,000, to benefit our clients. Every *buck* you spend goes directly to **help people with disabilities live fuller lives.**

MOVING FORWARD—LEADING WITH HEART

The Board and staff are pleased to introduce *Jan Aho* as our new *Executive Director*. Jan has dedicated her professional life to advocating for people with special needs. For 15 years, she has served as the Director of the Pearl Buck Preschool. Since September 2009, she has also held the Interim Executive Director position. Jan brings a wealth of experience and community involvement to her new role as Executive Director. We know that Jan's dedication, leadership, vision and humanity will continue to move *Pearl Buck Center* forward as an innovative organization committed to enriching the lives of people with disabilities.

NEW MISSION STATEMENT

Pearl Buck Center enriches the lives of those affected by disabilities through vocational, recreational and educational programs
